# Today's Agenda:

- Roll Call and Welcome
- Summary and Action Plan
- Guiding Principles and Ideal State Synthesizing Discussion
- Detailed Plan to Reach the Finish Line
- Public Comment
- Next Steps

**Vision**: Support the convergence of clinical and administrative data to improve data interoperability to support clinical care, reduce burden and improve efficiency—furthering implementation of “record once and reuse.”

**Overarching Charge**: Produce information and considerations related to the merging of clinical and administrative data, its transport structures, rules and protections, for electronic prior authorizations to support work underway, or yet to be initiated, to achieve the vision.

The shapes are arranged in a way that creates a sense of depth and movement, resembling a stylized map or a complex data visualization.

# Summary and Action Plan

# Last Meeting

- Description of Cures Act Priorities for HITAC
  - Reviewed the Cures Act language directing HITAC activities and discussed how they relate to ICAD goals and recommendations.
- Report Drafting Discussion
  - Discussed how to take the progress and work done with Prior Authorization to the next level of broader intersection, and the structure of doing that in the report.
  - Discussed how to transform materials to date into a draft report following the three Cures target areas of Interoperability, Privacy and Security, and Patient Access.
  - Discussed how to incorporate stakeholder needs and incentives into recommendations to ensure they can and will be acted upon.
