# Today's Agenda:

- Roll Call and Welcome
- Summary and Action Plan
- Broader Intersection of Clinical and Administrative Data
- Review Draft Document and Comments
- Public Comment
- Next Steps

**Vision**: Support the convergence of clinical and administrative data to improve data interoperability to support clinical care, reduce burden and improve efficiency—furthering implementation of “record once and reuse.”

**Overarching Charge**: Produce information and considerations related to the merging of clinical and administrative data, its transport structures, rules and protections, for electronic prior authorizations to support work underway, or yet to be initiated, to achieve the vision.

A large, abstract graphic composed of overlapping, semi-transparent geometric shapes (triangles, hexagons, and polygons) in various shades of blue, green, yellow, and orange. The shapes are arranged in a way that creates a sense of depth and movement, with some shapes appearing to be layered on top of others. The overall effect is a complex, multi-colored pattern that fills the left and center of the page.

# Summary and Action Plan

# Last Meeting

- HITAC Comments Discussion
  - Sheryl Turney led the Task Force in a review and discussion of the feedback from the full HITAC, including questions of public input protocol and discussion themes. The group discussed operating rules, the desire for an open process, and takeaways from the HITAC members' comments.
- Broader Intersection Discussion
  - Alix Goss led the Task Force in a discussion of the broader intersection of clinical and administrative data, and how to integrate these new ideas into the draft paper. Particular topics included patient and caregiver involvement, use of data across the continuum (including public and population health) without adding burden, supporting specialty care, and including stakeholders at different levels of technical advancement.

*Written comments will not be read at this time,  
but they will be delivered to members of the Task Force and made part of the Public Record.*

# Next Steps

- Next Week:
  - Reconcile TF comments
  - Broader Intersection Conversation (Continued)
- Offline:
  - Report Comments from all ICAD members

# ICAD TF Agendas and Draft Report Timeline

Month/Date	Deliverables/Action Items
September 22	<i>Continued Broader Intersection Discussion Review Draft and Comments</i>
<i>Offline</i>	<i><b>All</b> ICAD TF members review draft report</i>
September 29, 2020	Finish Broader Intersection Discussion Finalize Draft Report Structure
October 6, 2020	Review GP, IS for Broader Intersection and finalize synthesis
<i>Offline</i>	<i>Report integration and writing</i>
October 14, 2020	Target Delivery of Final Recommendations and Report to HITAC
October 21, 2020	Presentation of Recommendations and Report to HITAC
